

PARKING LOT OF REYES CATÓLICOS (SAN FERNANDO, CÁDIZ)

The parking lot of *Avenida Reyes Católicos* with capacity for 408 spaces has been constructed in the city of San Fernando. Built over a construction area of 13000m², this parking was opened on November 2003. By the end of this year, this was the last work carried out by Parquigran in the province of Cádiz.

In later years, this parking has proved to be a complete success among residents, who see a renewed city that has been fully enabled for the use and enjoyment of neighbours. This unique environment created by our Company brings added value to homes in the area.
